It will be their last hospitality before leaving Corcoran House, their fine old home in H street, which has been a factor in Washington's social activities for several generations, and which has been sold. They will leave shortly for Oakland, their place near Leesburg, Va., and during the summer Corcoran House will be torn down to make way for the new United States Chamber of Commerce building.

Young-Clifton Wedding. In the presence of a representative company, Miss Kathryn Osgood Clifton, daughter of Mr. and Mrs. Claude Eccleston Clifton, will be married today to James Barclay Young, Mr. Young, who is in the consular service and has been for some time on duty at the State Department, is the son of Mr. and Mrs. James Rankin Young. The ceremony will take place at 4:30 o'clock in the Memorial Church, the Rev. Dr. J. McBride Sterrett, associate rector, officiating. The bride will be given in marriage by her father and will be attended by Mrs. David W. Young, mother of the groom. Mr. Young will have his brother, John Russell Young, as best man and the list of ushers includes Herbert C. Hengstler, Berkeley L. Simmons, George Adams Howard and Paul C. H. H. H.

The little church is charmingly decorated with pink rambler roses, white lilacs and fruit blossoms, and the home of Mr. and Mrs. Clifton in Belmont road, where a small reception will be held following the ceremony, is gay with the same spring blossoms. Miss Clifton's gown is of ivory white satin combined with tulle and ivory old point de Venise lace. The skirt is draped and made with a cascade of tulle on one side and the top of the bodice is formed of a bertha of the lace, an heirloom in the family. There are short sleeves of the satin and a court train of satin is hung from the shoulders. A rope of pearls, with tasseled ends, forms the girdle. The bride will wear a tulle veil, held in place by a beaming coronet of tulle and a narrow chaplet of orange blossoms and her bouquet will be of orchids and lilies of the valley.

Mrs. Todd's gown is of flesh-colored georgette crepe beaded in white in a graceful design and she will wear a picture hat of black tulle, with the crown covered with ostrich tips. She will carry flesh colored sweetpeas and white lilies. Mrs. Clifton's costume is of horizon blue georgette beaded in crystal, and her hat of black tulle is trimmed with jet wheat. Mrs. Young, the bridegroom's mother, will wear a gown of black satin and jet, with a black Neapolitan hat trimmed in ostrich plumes and a cloak of deep violet satin. Miss Nan Young will be gowned in peacock blue georgette crepe striped with gold and a hat of gold and blue, and Miss Julia Young's frock is of orchid taffeta combined with turquoise blue. Her hat is of orchid straw wreathed with Scotch heather.

Following their wedding trip Mr. Young and his bride will return to Washington for a visit before starting for his new post abroad. Her travelling costume is a smart suit of blue tricotine embroidered in black silk, and with it she will wear a small black taffeta hat.

Feeling Bad--

"What's the matter?" "Oh, I don't know. Just feel bad. Not what you would call sick, only stupid, sleepy and sluggish. Don't feel like doing anything." These conditions are truly nuisances, and it is a false notion to think that you are sick every time you feel bad. For health is a queer creature; it seldom remains in a perfect condition, nurse or abuse it as you choose, it always acts according to its own laws. These feeling bad conditions are often due to changes of the season of the year, like Spring when the sap is going up and the feeling bad is going down. They are due largely to the deposits of invisible little crystals of Uric Acid in the blood and kidneys. These little crystals are at times very irritating and unless removed are going to make you sluggish and feel bad all over. Get rid of them at once by flushing them out with suitable remedies, not the kind that hurts you but hurts them, and the best remedy I know of for these especial conditions is

Buchu and Hops

which will keep these little crystals in a soluble form and at the same time promote painless discharges. It combines the solvent properties of these standard remedies with the alkaline effect of Potash and this combination has a pleasant taste and is devoid of the slightest irritating influence upon the digestive tract. Under its influence the gouty or rheumatic pains subside, the urine becomes clear and is passed in large quantities and the gravel if present disappears. A very pleasant and palatable mixture, it mixes with water without turning turbid. It contains no sugar of any kind. 50 cts. a bottle by mail or messenger to your home without delay by Tyree & Co., Druggists, 15th and H Sts. N. E., Washington, D. C.
